

AO CMF NA Online Series 3—Mandible

July 11, 2024 - August 1, 2024

Online, N/A, N/A

Time: 8:00 p.m. ET.

Target Audience: Plastics and Reconstruction, Ophthalmology, Oculoplastics, Oral and Maxillofacial, and Otolaryngology surgeons. Surgeons in training may also find this event / topic to be beneficial.

Overview:

Have you ever wanted to ask the authors about research informing their landmark journal articles? Do you want the chance to ask a renowned surgeon, "how would you do it?" Then don't miss this quarterly module series!

Held the first Thursday of each month at 8:00 pm ET (5:00 pm PT), this interactive two-part modular learning experience will give surgeons the opportunity to gain knowledge about operative procedures, historical treatment algorithms, surgical techniques, and complications in craniomaxillofacial surgery. Each module will focus on a specific subspecialty, technique, or controversial topic impacting current practice. The first session in each module, "Journal Club," will highlight author presentations on practice-defining articles and expert-to-expert interviews on the research. The second and final session, "How Would You Do It?," showcases experts' perspectives on treatment plans from presented cases, including detailed surgical techniques with tips and pearls.

Participants will be able to offer input either via chat room or direct discussion depending on audience size.

CME

Continuing Education Credit: 2.00

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Below Wording CMF Only- Continuing Education Dental Credit Statement

As an Accreditation Council for Continuing Medical Education (ACCME) accredited provider, AO North America meets the definition of a constituent or component organization of the AMA and thereby meets most state dental board requirements of an approved sponsor of continuing education. This educational activity is focused on clinical issues in oral-maxillofacial surgery that are relevant to the treatment and care of dental patients. Most states accept AMA constituents as approved sponsors for continuing dental education credit. If you have questions, your state dental board can confirm eligibility of this educational activity.

- **Designation Statement** - AO North America designates this live educational activity for a maximum of 2.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

Faculty

Doerr, Timothy - Chairperson

MD, FACS
Director of Facial Plastic Surgery
Professor
Department of Otolaryngology-Head & Neck Surgery
University of Rochester Medical Center
Rochester, New York

Dr. Doerr is a professor in the Department of Otolaryngology Head and Neck Surgery at the University of Rochester where he is director of facial plastic surgery. He is heavily involved in resident education and was the residency program director for nearly 10 years. His primary clinical interests include facial trauma management, skin cancer treatment, reconstruction, and rhinoplasty. He has been an AO faculty member for more than 23 years and identifies participation in the AO as his most rewarding professional activity.

Liddell, Aaron - Chairperson

MD, DMD, FACS
Chief of Staff, Swedish Medical Center
Section Chief, Oral and Maxillofacial Surgery, Swedish Medical Center
Private Practice, Colorado Oral and Maxillofacial Surgery
400 S. Colorado BLVD, STE 450
Fellowship Director, TESS/COS CMF Surgery Fellowship
Denver, Colorado

Dr. Liddell practices oral and maxillofacial surgery in Denver, Colorado. He currently serves as the President of the medical staff at HCA/HealthOne Swedish Medical Center, where he also serves as Section Chief of Oral and Maxillofacial Surgery. He is the medical director TESS, a multi-specialty trauma group, covering six trauma centers in the Metro-Denver region and is the director of the TESS/COS CMF surgery fellowship. His clinical interests include facial trauma reconstruction, correction of dentofacial deformities/orthognathic surgery, and temporomandibular joint reconstruction.

Amin, Dina - Lecturer

DDS, FACS
Associate Professor
Residency Program Director
Department of Oral and Maxillofacial Surgery
University of Rochester
Rochester, New York

Dr. Dina Amin is an Associate Professor and the Residency Program Director in the Department of Oral and Maxillofacial Surgery at the University of Rochester, Rochester, NY. She specializes in head and neck oncology and microvascular reconstructive surgery. She graduated from King Abdulaziz University, the only internationally accredited dental school by the Commission on Dental Accreditation (CODA). She completed an Oral and Maxillofacial Surgery residency in Saudi Arabia, followed by fellowships in craniofacial surgery, head and neck oncology, and microvascular reconstructive surgery at the University of Alabama at Birmingham (UAB), Birmingham, Alabama, US. Dr. Amin joined the Emory Division of Oral and Maxillofacial Surgery (OMS) in 2016 as the director of the OMS Ambulatory Clinic. In 2021, she was appointed the associate chief of OMS service at Grady Memorial Hospital, Atlanta, GA. Dr. Amin is accredited with introducing head and neck oncology and microvascular reconstruction, utilizing computer-assisted surgery and computer-assisted navigation to complex craniomaxillofacial trauma and advanced head and neck reconstruction to the clinical services of Emory OMS. Dr. Amin worked briefly at Texas A&M University and Baylor Medical Center before joining the University of Rochester. Her primary research evolved from her interests in craniomaxillofacial trauma and head and neck reconstruction, as she is the PI of an orbital trauma clinical trial. Dr. Amin has received intramural and international grants. She is the author of more than 30 articles in peer-reviewed journals and 15 book chapters and edited one book entitled "Pitfalls and Pearls in Oral and Maxillofacial Surgery."

Butts, Sydney - Lecturer

MD, FACS
Associate Professor and Interim Chair
Chief, Division of Facial Plastic and Reconstructive Surgery
Department of Otolaryngology
SUNY Downstate Health Sciences University
Brooklyn, New York

Sydney C. Butts, MD serves as the chief of the Division of Facial Plastic and Reconstructive Surgery at University Hospital Brooklyn/SUNY Downstate and Kings County Hospital Center a position she has held since August 2009. She is currently the Interim Chair of the Department of Otolaryngology at SUNY Downstate and an Associate Professor of Otolaryngology at SUNY Downstate. She earned her medical degree at the Yale University School of Medicine graduating cum laude. Dr. Butts completed a residency in otolaryngology at the Albert Einstein College of Medicine/Montefiore Medical Center followed by fellowship training in facial plastic and reconstructive surgery at SUNY Upstate Medical University in Syracuse. She is Board certified in otolaryngology and is a diplomate of the American Board of Facial Plastic and Reconstructive Surgery. Dr. Butts' clinical focus includes the management of cleft lip and palate anomalies, adult and pediatric maxillofacial trauma, local/regional flap surgery especially in skin cancer patients, rhinoplasty and the management of other soft tissue lesions that require a reconstructive approach, having lectured nationally and internationally on these topics. She is a member of the, American Academy of Otolaryngology-Head and Neck Surgery, American Cleft Palate-Craniofacial Association and the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS). She has also served on international humanitarian surgical missions in Asia and Africa.

**Lettieri, Salvatore - Lecturer**

MD, FACS
Division of Plastic and Reconstructive Surgery
Department of Neurosurgery
Department of Otolaryngology
Mayo Clinic
Phoenix, Arizona

Salvatore Lettieri is the Chair Emeritus of Plastic Surgery at Valleywise Medical Center in Phoenix Arizona. As a Mayo Clinic Faculty member, he serves this role as a joint venture between the Mayo Clinic and Valleywise Medical Center. In this role, he provides the education for the Plastic Surgery Residents from Mayo Clinic Rochester and Arizona as well as the ENT Residents from Mayo Arizona. This allows Dr. Lettieri to concentrate on facial trauma and extremity salvage in addition to burn reconstruction and skull base surgery which provides a complementary experience for the residents. Doctor Lettieri is a graduate of the Wake Forest University Bowman Gray School of Medicine. This was followed by General Surgery and Plastic Surgery Residencies at the Mayo Clinic Rochester and Craniofacial and Microsurgery Fellowships at Johns Hopkins University and the Maryland Shock Trauma Center. He currently serves on the AONA Education Board and has been actively involved in courses both nationally and internationally.

**Meara, Daniel - Lecturer**

MS, MD, DMD, MHCDS, FACS
Chair, Department of Oral and Maxillofacial Surgery & Hospital Dentistry
Christiana Care Health System
Wilmington, Delaware

Daniel J. Meara, MS, MD, DMD, MHCDS, FACS is Chair of the Department of Oral and Maxillofacial Surgery & Hospital Dentistry at Christiana Care Health System in Delaware. In addition, he is director of research, scholarly activity, and simulation for the oral and maxillofacial surgery residency program. Prior to joining Christiana Care, he completed a craniomaxillofacial surgery fellowship at West Virginia University/Charleston Area Medical Center. Prior to that, he completed oral and maxillofacial surgery residency at the University of Alabama, Birmingham. Dr. Meara earned a bachelor's degree in economics at the University of Notre Dame. In addition, he has a master's degree in toxicology from Michigan State University, a medical degree from Wayne State University in Detroit, Michigan, a dental degree from the University of Alabama and he graduated from Dartmouth College in 2018 with a master's degree in healthcare delivery science. Also, Dr. Meara spent research time at the National Institutes of Health. Dr. Meara is board certified and a diplomate of the American Board of Oral and Maxillofacial Surgery (ABOMS). He is also a fellow of the American Association of Oral and Maxillofacial Surgeons (AAOMS), the American College of Oral and Maxillofacial Surgeons (ACOMS), the American Academy of Craniomaxillofacial Surgeons (AACMFS), the American College of Surgeons (ACS), and the International College of Dentists (ICD). Dr. Meara is a prior recipient of the Christiana Care Health System Rising Star Award and of the AAOMS Faculty Educator Development Award. Dr. Meara is a past chair of the AAOMS Special Committee on Virtual Meetings and the Committee on Continuing Education and Professional Development. Further, Dr. Meara is the prior AAOMS commissioner and immediate past chair of the ADA Commission on Continuing Education and Provider Recognition. Dr. Meara is a recent past president of the Delaware Academy of Medicine and is a current executive committee member for the Middle Atlantic Society of Oral and Maxillofacial Surgeons, president of the Delaware Society of Oral and Maxillofacial Surgeons and a board regent for the American College of Oral and Maxillofacial Surgeons.

**Oyer, Sam - Lecturer**

MD
Associate Professor
Facial Plastic & Reconstructive Surgery
University of Virginia
Charlottesville, Virginia

Dr. Oyer has a full-time academic practice focused on Facial Plastic & Reconstructive Surgery at the University of Virginia. His practice encompasses a wide range of facial aesthetic and reconstructive techniques including a particular focus on facial reanimation, facial trauma treatment, facial reconstruction after Mohs surgery, and rhinoplasty. He is co-director of the Facial Plastic & Reconstructive Surgery fellowship at UVA and a core faculty member responsible for resident education. His research focus centers around patient outcomes in the areas of facial trauma, Mohs reconstruction, facial reanimation, and rhinoplasty.

**Strohl-Bryan, Alexis - Lecturer**

MD
Associate Professor
Facial Plastic and Reconstructive Surgery
Department of Otolaryngology Head and Neck Surgery
University of Rochester Medical Center
Rochester, New York

Dr. Strohl-Bryan trained in Otolaryngology at the University of Rochester Medical Center. She then completed a fellowship in Facial Plastic and Reconstructive Surgery and Craniofacial Surgery at Upstate Medical Center. She is now an Associate Professor at the University of Rochester and specializes in Facial Plastic Surgery. She is very involved in resident education and is currently the Residency Program Director. Her clinical interests include skin cancer surgery, facial trauma management, rhinoplasty and gender affirming facial plastic surgery.

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.

Animal Anatomic Specimens:

This course will involve exposure to and contact with animal anatomic specimens. These specimens are being utilized for purposes of teaching and learning and are to be treated with the utmost respect. Participants should be familiar with and understand the potential risks involved and will be required to observe all customary safety procedures.

Acknowledgment

Educational Grant

AO North America gratefully acknowledges funding for its education activities from the AO Foundation. The AO Foundation receives funding for education from Synthes GmbH.
