

AO Recon NA Course—Principles of Total Hip and Knee Arthroplasty

 June 6, 2025 - June 7, 2025
Charlotte, North Carolina, USA

Course Description:

This course is modular in structure and highly interactive. Short, evidence-based lectures cover the key information required. Moderated case discussions in small groups will expand on each topic and help participants to develop decision-making and surgical management skills. Participants will perform hands-on practical exercises including templating and planning exercises. Participants will share their experience with faculty and peers.

All factors related to achieving the best possible outcomes in primary arthroplasty will be covered.

Target Participants:

This course is targeted at second, third and fourth year orthopedic surgery residents.

Event Summary

Tuition:

Level Name: Participant - Orthopaedic

Pricing Tier: Resident

Tuition: \$300.00

Level Name: Participant - Orthopaedic

CME

Continuing Education Credit: 14.75

- **ACCME Accreditation Statement** - AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement - AO North America designates this live educational activity for a maximum of 14.75 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Identify patient's reconstructive surgery needs
- Adopt a patient-centered approach
- Anticipate, recognize, and stratify potential complications
- Describe and discuss safe and effective procedures for primary arthroplasty
- Discuss the management of early and late problems or complications
- Communicate and facilitate a multidisciplinary team-based approach
- Apply best practice to optimize and document patient outcomes

Faculty

Huo, Michael - Co-Chairperson

MD
UT Southwestern Medical Center
Department of Orthopedic Surgery
Dallas, Texas

Orthopedic surgeon specializing in total joint replacement surgery.

Kwon, Young-Min - Co-Chairperson

MD, PhD
Professor
Harvard Medical School
Vice Chair
Department of Orthopaedic Surgery
Massachusetts General Hospital
Boston, Massachusetts

Young-Min Kwon MD, PhD, FRACS, FRCS, FACS, FAAOS, FAOA is Professor of Orthopaedic Surgery at Harvard Medical School and the Vice Chair in the Department of Orthopaedic Surgery, Massachusetts General Hospital, Boston. In addition, Prof. Kwon is the Director of the Bioengineering Laboratory and the Mass General Center for Metal-on-Metal Hip & Tribocorrosion Evaluation & Treatment. He is board certified in Orthopaedic Surgery with the American Board of Orthopaedic Surgery (ABOS), the Royal College of Surgeons of England (FRCS) and the Royal Australasian College of Surgeons (FRACS). He is a Fellow of the American College of Surgeons (FACS) and the American Orthopaedic Association (AOA). He is an Active Member of The Hip Society and The Knee Society. Prof. Kwon is the recipient of numerous awards and honors, including the Sir John Irvine Hunter Prize in conjunction with the title of Prosector, the AOA Traveling Fellowship Award, the New Investigator Recognition Award from the Orthopaedic Research Society (ORS), the Kappa Delta Award from the American Academy of Orthopaedic Surgeons (AAOS) and the John Charnley Award from The Hip Society.

Box, Hayden - Lecturer

MD
Hip and Knee Replacement Surgeon
Department of Orthopaedic Surgery, Massachusetts General Hospital
Member of the Faculty, Harvard Medical School
Boston, Massachusetts

Hayden Box, MD, is a board-certified fellowship-trained orthopaedic surgeon specializing in primary and revision hip and knee replacement. Dr. Box graduated summa cum laude from Vanderbilt University with a bachelor's degree in Biomedical Engineering. He attended Harvard Medical School, and then completed a five-year orthopaedic surgery residency in Dallas, TX at the University of Texas Southwestern Medical Center and Parkland Memorial Hospital, where he had extensive training in fracture management and joint replacement. Dr. Box finished his training with a fellowship in hip and knee replacement at Massachusetts General Hospital in 2019.

Cipriano, Cara - Lecturer

MD, MSc
Associate Professor
Chief, Orthopaedic Oncology
Vice Chair for Education
Philadelphia, Pennsylvania

Dunahoe, Jacquelyn - Lecturer

MD
Assistant Professor
Department of Orthopedics and Rehabilitation
University of Wisconsin
Madison, Wisconsin

Molloy, Ilda - Lecturer

MD, MS
Assistant Professor
Yale University School of Medicine
Department of Orthopaedics & Rehabilitation
New Haven, Connecticut

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used in this course is for teaching purposes only with the intent to enhance the learning experience.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques or the use of any equipment and accessories used for teaching purposes in the laboratory. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
