

AO Trauma Hand NA Webinar—Scaphoid Non-Union

 August 20, 2025 - August 20, 2025
Online, N/A, USA

Time: 8:00pm Eastern

Target Audience:

Community-based Trauma Orthopedic Hand Surgeons, Fellows and Residents

Overview:

Scaphoid Fracture Non-Union may have a profound impact upon upper extremity function affecting the hand and wrist. This can result in early loss of function while increasing the later risk of post-traumatic arthritis. This webinar will discuss the skeletal/vascular/articular anatomy of these injuries, their treatment options-including non-vascularized/vascularized grafts, different fixation strategies and possible complications. Beyond that, the implications for therapy/rehabilitation with regards to getting function back after such injuries will also be examined.

Event Summary

Tuition:

Level Name: Participant - Hand
Pricing Tier: Attending
Tuition: \$0.00

Venue:

No Venue

CME

Continuing Education Credit: 1.00

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement - AO North America designates this live educational activity for a maximum of 1.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Discuss the Skeletal/Vascular/Articular Anatomy as it relates to Scaphoid Fracture/Non-Union
- Develop a method to critically evaluate failures of Scaphoid Healing – Yours and Others
- Employ an algorithm to determine treatment: Vascularized vs Non-Vascularized; Volar vs Dorsal Approach; Fixation Technique
- Gain knowledge of specific surgical treatment(s)

Faculty

Lawton, Jeffrey - Chairperson

MD
 Chief, Hand and Upper Extremity
 Professor, Orthopaedic Surgery
 Associate Chair for Quality and Safety, Orthopaedic Surgery
 Professor, Plastic Surgery
 University of Michigan
 Ann Arbor, Michigan

Dr. Lawton completed his Orthopaedic Surgery Residency at Northwestern University in Chicago and his Hand Fellowship at the Raymond Curtis National Center for Treatment of the Hand and Upper Extremity at Union Memorial Hospital in Baltimore. He went on to serve as Chief of the Combined Orthopaedic/Plastic Hand Surgery Service in the Department of Orthopaedic Surgery at the University of Kentucky. Subsequently, he practiced hand and upper extremity surgery at the Cleveland Clinic before transitioning to The University of Michigan where he has been Chief of Elbow Hand and Microsurgery in the Department of Orthopaedic Surgery. Dr. Lawton was elected to membership in the Alpha Omega Alpha Honor Medical Society and has received a number of teaching awards. His interests include congenital/pediatric hand, trauma/post-traumatic reconstruction and elbow trauma / degenerative conditions. He was selected to AO North America Hand Faculty and the AO Hand Education Committee and has completed the Faculty Education Program.

Dodds, Seth - Lecturer

MD
 Professor and Chief, Hand and Upper Extremity Surgery
 Department of Orthopaedics
 University of Miami, Miller School of Medicine
 Miami, Florida

O'Shaughnessy, Maureen - Lecturer

MD
 Associate Professor
 Chief of Hand Surgery
 University of Kentucky
 Lexington, Kentucky

Maureen O'Shaughnessy, MD, is an orthopedic surgeon specializing in the treatment of conditions affecting the hand, wrist, elbow and upper limb. She completed her orthopedic surgery residency at the Mayo Clinic in Rochester, Minnesota and fellowship training in Hand and Upper Limb Surgery at Stanford University in California. Dr. O'Shaughnessy serves as the Chief of Orthopedic Hand and Upper Extremity surgery at the University of Kentucky in Lexington, Kentucky. She serves as a board member for the Ruth Jackson Orthopedic Society, the Journal of Hand Surgery, Clinical Orthopedics and Related Research journal editorial board, the American Society for Surgery of the Hand Handpedia platform. She volunteers for several society national committees including the AOA, AAOS, ABOS, RJSOS and ASSH.

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
