

AO Trauma Hand Sage on Stage Series - Neil Ford Jones

 August 4, 2020 - August 4, 2020
Wayne, Pennsylvania, USA

Hand surgery has significantly evolved over the past 50 years. Advances in technology and surgical techniques have improved patient care but the contributions made by experienced experts in the field cannot be overlooked. Through this series, lessons learned through trial and error will be shared for treating simple to complex injuries of the upper limb and how the decision-making process can impact patient outcomes.

Join us as the AO Trauma Hand Education Committee Members interview a Sage about how they developed in their field of expertise, contributions to the field of hand surgery and their tips-n-tricks.

AUDIENCE: Practicing Surgeons, Fellows, Residents and Hand Therapists

CME

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

- **Designation Statement** - AO North America designates this live educational activity for a maximum of [Hours Pending] **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Comprehend when changes in decision-making are necessary
- Appraise approaches and strategies discussed to apply to individual practices
- Recognize when practice modifications should be made
- Appreciate the importance of therapy and rehabilitation after hand surgery

Faculty

Binhammer, Paul - Lecturer

MSc, MD, FRCSC
Assistant Professor
Division of Plastic Surgery
University of Toronto
Sunnybrook Health Sciences Centre
Toronto, Ontario

Dr. Binhammer obtained his medical degree and completed his residency in Plastic and Reconstructive Surgery at the University of Toronto. He completed Hand Fellowships in Strasbourg, France and Salt Lake City, Utah. He has been in practice at Sunnybrook Health Sciences Centre and on Faculty at the University of Toronto since 1994. Dr. Binhammer has also completed the Faculty, Chair, and Leadership Education Programs and was Chair of the Hand Education Committee.

Jones, Neil - Lecturer

MD, FRCS
Professor & Chief of Hand Surgery
Distinguished Professor of Plastic and Reconstructive Surgery
Emeritus Chief of Hand Surgery
University of California Los Angeles
Los Angeles, California

Mudgal, Chaitanya - Lecturer

MD, MS (Ortho), MCh
Dr.
Hand Surgery Service, Department of Orthopedics
Massachusetts General Hospital
Associate Professor, Orthopedic Surgery, Harvard Medical School
Boston, Massachusetts

Dr. Chaitanya Mudgal is a world-renowned hand, wrist and elbow surgeon, working to help patients regain functionality and improve their quality of life. Dr. Mudgal's clinical interests include a comprehensive array of hand and upper extremity disorders such as fractures, tendon and nerve injuries and paralytic disorders of the upper limb and arthritic conditions. He is also extremely interested in surgery of the upper limb in patients who have suffered strokes or traumatic head injuries. He is very active in teaching nationally as well as internationally and remains a very sought after educator and speaker. He has published extensively on a variety of conditions from fractures to tendon injuries to neurologic disorders affecting the upper limb. In addition to publishing well over 100 peer reviewed papers, he has published over 20 book chapters and made well over 350 presentations. He has been faculty / Chairman at AO courses in the US, Latin America, Davos and India. He regularly conducts educational webinars on the AO North America platform and also conducts webinars for Hand Surgery education in India. He is the founder / director of the Annual Indo-US Hand Surgery Conference, held in different locations in India each year. He has an eponymously named Hand Surgery Forum in the city of Guigang, Guangxi autonomous province, China. He is currently the Chair of AO North America Hand Education Committee until 2022; and has completed both the Faculty and Chair Education Programs.

Saint-Cyr, Michel - Lecturer

MD, FRCSC
Professor & Chief Division of Plastic Surgery
Baylor Scott and White Health
Texas A&M College of Medicine
Temple, Texas

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
