CME

Continuing Education Credit: 1.00

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
- AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

- **Designation Statement** - AO North America designates this live educational activity for a maximum of 1.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e.), operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Comprehend when changes in decision-making are necessary
- Appraise approaches and strategies discussed to apply to individual practices
- Recognize when practice modifications should be made
- Appreciate the importance of therapy and rehabilitation after hand surgery

Faculty

Hanel, Doug - Lecturer

MD
Professor
Department of Orthopaedics & Sports Medicine
Combined Hand & Microvascular Program
University of Washington
Seattle, Washington

Douglas Hanel M.D. is a professor in the Department of Orthopaedics and Sports Medicine at the University of Washington. He graduated from The University of Washington and The Saint Louis University School of Medicine. Following his training in Orthopaedic Surgery at Saint Louis University he completed fellowships in hand surgery with Harold E. Kleinert and microvascular surgery with Robert D. Acland at the University of Louisville. He served as Program Director for Orthopaedic Education for 24 years.

Hunt, Thomas - Lecturer

MD, DSc
VP & Chief Physician Executive, Musculoskeletal Institute
Professor, Florida State University
Lee Health
Fort Myers, Florida

Dr. Thomas Hunt is currently Vice President & Chief Physician Executive of the Lee Health Musculoskeletal Institute and Professor at Florida State University. He is the former tenured Professor of Orthopaedic Surgery, and Space Medicine, the Wilhemina Arnold Barnhart Endowed Chair, and Chair of the Joseph Barnhart Department of Orthopedic Surgery at the Baylor College of Medicine in Houston. He is board certified in orthopaedic surgery and holds a subspecialty certificate in surgery of the hand. Dr. Hunt is a dedicated clinician, attending to adult and adolescent patients with disorders and traumatic injuries involving the hand, wrist, and elbow. He serves as team physician for the NFL Arizona Cardinals; Hand, Wrist, and Elbow consultant to the NFL's Musculoskeletal Committee; second opinion physician for the NBA and NBPA; and, Medical Advisor for the Titleist Performance Institute. Thomas Hunt is a committed educator having directed or administered resident or fellow training programs at three prominent academic institutions over the last 24 years. He recently edited the third edition of a popular textbook entitled, "Operative Techniques in Hand, Wrist, and Elbow Surgery" that details the most effective surgical procedures within his subspecialty as determined by renowned surgeons worldwide. Dr. Hunt's research interests revolve around the determination of the genetic basis behind closed tendon and ligament ruptures and the development of targeted therapies to prevent and treat these injuries. Finally, to better understand the current healthcare environment and adapt to changes while assuring high value, innovative medical care for patients, Dr. Hunt recently earned a doctoral degree in health services research and administration and was named the school's 2016 National Distinguished Alumnus. He qualified for "Fellow" designation and Board Certification in Healthcare Management from the American College of Healthcare Executives.

Mudgal, Chaitanya - Lecturer

MD, MS (Ortho), MCh
Dr.
Hand Surgery Service, Department of Orthopedics
Massachusetts General Hospital
Associate Professor, Orthopedic Surgery, Harvard Medical School
Boston, Massachusetts

Dr. Chaitanya Mudgal is a world-renowned hand, wrist and elbow surgeon, working to help patients regain functionality and improve their quality of life. Dr. Mudgal's clinical interests include a comprehensive array of hand and upper extremity disorders such as fractures, tendon and nerve injuries and paralytic disorders of the upper limb and arthritic conditions. He is also extremely interested in surgery of the upper limb in patients who have suffered strokes or traumatic head injuries. He is very active in teaching nationally as well as internationally and remains a very sought after educator and speaker. He has published extensively on a variety of conditions from fractures to tendon injuries to neurologic disorders affecting the upper limb. In addition to publishing well over 100 peer reviewed papers, he has published over 20 book chapters and made well over 350 presentations. He has been faculty / Chairman at AO courses in the US, Latin America, Davos and India. He regularly conducts educational webinars on the AO North America platform and also conducts webinars for Hand Surgery education in India. He is the founder / director of the Annual Indo-US Hand Surgery Conference, held in different locations in India each year. He has an eponymously named Hand Surgery Forum in the city of Guigang, Guangxi autonomous province, China. He is currently the Chair of AO North America Hand Education Committee until 2022; and has completed both the Faculty and Chair Education Programs.

Rhee, Peter - Lecturer

DO, MS (Ortho)
Professor of Orthopedic Surgery
Department of Orthopedic Surgery
Mayo Clinic
Rochester, Minnesota

Dr. Peter Charles Rhee is a hand and microvascular surgeon within the Department of Orthopedic Surgery at the Mayo Clinic in Rochester, MN. He holds academic appointment as a Professor of Orthopedic Surgery through the Mayo Clinic College of Medicine. He is board certified in orthopedic surgery with a Certificate of Added Qualification in Hand Surgery through the American Board of Orthopedic Surgery. Dr. Rhee has a clinical interest in the emergent management and reconstruction of traumatic injuries to the upper extremity from the brachial plexus to the fingertip. He also has a profound interest in the management of patient with upper motor neuron injuries from cervical spinal cord or brain injuries. During his USAF career (2003 to present), he established himself as subject matter expert in the management of the mangled upper extremity. He is currently a Lieutenant Colonel for the USAF reserves primarily focusing on combat casualty care research. He is committed to the AO and serves on the AO North America Hand Education Committee.

Tuesday, August 18, 2020 - 19:00 - 20:00

Schedule	Title	Moderator	Faculty	Room
19:00 - 20:00	Sage on Stage Interview - Douglas Hanel		Hanel, D Hunt, T Rhee, P	

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
