

AO CMF NA Internet LIVE Webinar—Cleft Orthognathic Surgery

April 3, 2021 - April 3, 2021

Online, N/A, USA

This webinar will focus on management of the end stage dentofacial discrepancy in patients with cleft lip and palate, including the technical challenges unique to managing this population. We hope to provide the learner with a systematic approach to evaluating the adolescent and skeletally mature patient with cleft lip and palate. We will review the components of the history, examination, and imaging that drive treatment planning. Technical modifications specific to the cleft Le Fort I osteotomy will be discussed. A question and answer period will also be included.

CME

Continuing Education Credit: 1.00

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
- AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

Continuing Education Dental Credit Statement

As an Accreditation Council for Continuing Medical Education (ACCME) accredited provider, AO North America meets the definition of a constituent or component organization of the AMA and thereby meets most state dental board requirements of an approved sponsor of continuing education. This educational activity is focused on clinical issues in oral-maxillofacial surgery that are relevant to the treatment and care of dental patients. Most states accept AMA constituents as approved sponsors for continuing dental education credit. If you have questions, your state dental board can confirm eligibility of this educational activity.

- **Designation Statement** - AO North America designates this live educational activity for a maximum of 1.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Describe the end-stage dentofacial discrepancy encountered in patients with cleft lip and palate
- Discuss the technical challenges associated with orthognathic surgery in patients with cleft lip and palate
- Consider the clinical indications for conventional orthognathic surgery versus distraction osteogenesis for maxillary advancement

Faculty

Cunningham, Larry - Moderator

MD, DDS, FACS, FICD

Professor

Waco Center for Oral and Maxillofacial Surgery

Waco, Texas

After having spent over 20 years in education at two different teaching centers, Dr. Cunningham recently entered private practice in Waco, TX. Dr. Cunningham is a past president of the American Board of Oral and Maxillofacial Surgeons and is an AOCMF Educational Board member. His clinical interests include orthognathic surgery, facial trauma and reconstruction, and temporomandibular joint surgery. Dr. Cunningham is a Fellow of the American Association of Oral and Maxillofacial Surgeons and is a Diplomate of the American Board of Oral and Maxillofacial Surgery.

Susrarla, Srinivas - Lecturer

DMD, MD, FACS, FAAP

Division Chief, Craniofacial and Plastic Surgery

Division Chief, Oral and Maxillofacial Surgery

Surgical Director, Craniofacial Center

Seattle Children's Hospital

Marlys C. Larson Endowed Chair in Pediatric Craniofacial Surgery

University of Washington

Seattle, Washington

Dr. Susrarla is the Marlys C. Larson Endowed Chair in Pediatric Craniofacial Surgery at the University of Washington School of Medicine and a craniomaxillofacial surgeon at Seattle Children's Hospital, where he also serves as the Division Chief of Oral and Maxillofacial Surgery, Division Chief of Craniofacial and Plastic Surgery, and Surgical Director of the Craniofacial Center. Dr. Susrarla completed his undergraduate education at Princeton University, his dental degree at the Harvard School of Dental Medicine, a master of public health degree at the Harvard School of Public Health, and his medical degree at Harvard Medical School. He completed surgical residencies in Oral and Maxillofacial Surgery at the Massachusetts General Hospital and Plastic Surgery at the Johns Hopkins Hospital. These were followed by fellowship training in Craniofacial Surgery at Seattle Children's Hospital/University of Washington Harborview Medical Center. Dr. Susrarla's clinical practice focuses on pediatric and adult craniomaxillofacial reconstructive surgery, including management of craniosynostosis, cleft lip and palate, dentofacial deformities, maxillofacial pathology, and primary and secondary reconstruction following facial trauma. His research interests focus on clinical outcomes in craniomaxillofacial surgery. His research portfolio contains over 250 peer-reviewed publications and several dozen book chapters. He serves on the editorial boards for several journals in craniomaxillofacial surgery including the Journal of Oral and Maxillofacial Surgery, Plastic and Reconstructive Surgery, and Plastic and Reconstructive Surgery Global Open. Dr. Susrarla is board certified in both Plastic Surgery and Oral and Maxillofacial Surgery.

Agenda

Day 1

Saturday, April 03, 2021 - 10:00 - 11:00

Schedule	Title	Moderator	Faculty	Room
10:00 - 11:00	Cleft Orthognathic Surgery		Cunningham, L Susarla, S	

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.

Acknowledgment

Educational Grant

AO North America gratefully acknowledges funding for its education activities from the AO Foundation. The AO Foundation receives funding for education from Synthes GmbH.
