

AO CMF NA Webinar—Geriatric Craniomaxillofacial Surgery

October 27, 2021 - October 27, 2021

Online, Pennsylvania, USA

Target Audience: Plastic, Oto, Maxillofacial Surgeons

Overview:

The geriatric population continues to grow with advances in medicine and surgery. This aging population group provides unique challenges for practicing surgeons. This webinar will review geriatric craniomaxillofacial surgery and provide current recommendations along with a review of clinical cases to support current treatment principles.

Event Summary

Tuition:

Level Name: Participant - Craniomaxillofacial

Pricing Tier: Attending

Tuition: \$0.00

Course Prerequisite(s):

No Prerequisites

Professional Level Prerequisite(s):

No Prerequisites

CME

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

Designation Statement - AO North America designates this live educational activity for a maximum of [Hours Pending] **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e.), operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- What is "geriatric"?
- Recognize the current geriatric population
- Identify the unique challenges presented by this group for the healthcare providers
- Reinforce current treatment protocols by case review

Faculty

Lettieri, Salvatore - Chairperson

MD, FACS
Division of Plastic and Reconstructive Surgery
Department of Neurosurgery
Department of Otolaryngology
Mayo Clinic
Phoenix, Arizona

Salvatore Lettieri is the Chair Emeritus of Plastic Surgery at Valleywise Medical Center in Phoenix Arizona. As a Mayo Clinic Faculty member, he serves this role as a joint venture between the Mayo Clinic and Valleywise Medical Center. In this role, he provides the education for the Plastic Surgery Residents from Mayo Clinic Rochester and Arizona as well as the ENT Residents from Mayo Arizona. This allows Dr. Lettieri to concentrate on facial trauma and extremity salvage in addition to burn reconstruction and skull base surgery which provides a complementary experience for the residents. Doctor Lettieri is a graduate of the Wake Forest University Bowman Gray School of Medicine. This was followed by General Surgery and Plastic Surgery Residencies at the Mayo Clinic Rochester and Craniofacial and Microsurgery Fellowships at Johns Hopkins University and the Maryland Shock Trauma Center. He currently serves on the AONA Education Board and has been actively involved in courses both nationally and internationally.

Kushner, George - Lecturer

DMD, MD, FACS
Professor and Chairman
Oral and Maxillofacial Surgery
University of Louisville
Louisville, Kentucky

Dr. Kushner is a native of Pennsylvania. He graduated from Pennsylvania State University and Temple University School of Dentistry. Following his completion of his Oral and Maxillofacial Surgery residency at the University of Louisville he did a fellowship at the Oral Surgery Institute in Nashville, TN in TMD under Jeffery Carter D.M.D., M.D. After his fellowship he enrolled and graduated from medical school at The University of Alabama. He completed his general surgery core year at Brown University/Rhode Island Hospital. He came back to Louisville in 1993, becoming the Oral and Maxillofacial Surgery Program Director in 1994. He achieved the rank of full professor in 2007. He is a Diplomat, Fellow, or member of AAOMS, ADEA, SSOMS, and the American College of Surgeons, holding leadership positions in most of these organizations. Dr Kushner is currently Professor and Chairman of Oral and Maxillofacial Surgery at the University of Louisville. Dr. Kushner lectures worldwide and is well published on a variety of topics in Oral and Maxillofacial Surgery. He is a Trustee of the AO Foundation, an international organization committed to excellence in musculoskeletal surgery. Dr. Kushner has become the "go to" surgeon in this area of the country for complex injuries, deformities, and complications.

Turner, Michael - Lecturer

DDS, MD, MSc, FACS
Chief
Division of Oral and Maxillofacial Surgery
Mount Sinai Hospital
Associate Professor
Icahn School of Medicine at Mount Sinai
New York, New York

Dr. Michael Turner is the Chief of Oral and Maxillofacial Surgery at The Mount Sinai Hospital and the program director of the Mount Sinai/Jacobi/Einstein Residency in Oral and Maxillofacial Surgery. He received his dental degree from the University of Maryland, followed by a preliminary certificate of Oral and Maxillofacial from the Johns Hopkins University School of Medicine. He graduated from the SUNY Stony Brook School, after which he completed residency training at Long Island Jewish Medical Center. He completed a Master of Science in clinical research and translational medicine from the New York University School of Medicine. A diplomate of the American Board of Oral and Maxillofacial Surgery, a fellow of the American College of Surgeons and an active member and fellow of the American Association of Oral and Maxillofacial Surgery, Dr. Turner is an expert in maxillofacial reconstructive surgery and orthognathic surgery and is considered an international expert on minimally invasive salivary gland surgery. He has authored and co-authored 36 peer reviewed journal articles and 17 book chapters. He is on the Committee of Applicants of the American College of Surgeons, the Vice President of the New York State Society of Oral and Maxillofacial Surgery and the Vice-Chair of the Section of Dentistry and Oral Health of the New York Academy of Medicine. He currently serves on the editorial boards of the Journal of Oral and Maxillofacial Surgery, the Journal of Dental Education, Frontiers of Oral and Maxillofacial and Craniomaxillofacial Trauma and Reconstruction.

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
