

AO Sports NA Webinar—How I Treat a Massive Rotator Cuff Tear

January 25, 2022 - January 25, 2022

Online, N/A, USA

Target Audience: Experienced Orthopedic Surgeons and Orthopedic Sports Medicine Fellows who are technically proficient with arthroscopic shoulder surgery. Less experienced surgeons with an interest in the topic may also attend.

Description:

This webinar will feature three Sports shoulder cases prepared and presented by Dr. Ferry, Dr. Favorito, and Dr. Bishai. This will be followed by a discussion, led by Dr. Ponce, between the expert faculty members and real-time questions from the audience.

Date: January 25, 2022

Time: 8 pm (Eastern Time)

CME

Continuing Education Credit: 1.00

- **ACCME Accreditation Statement** - AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement - AO North America designates this live educational activity for a maximum of 1.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Recognize the indications for more advanced procedures in patients with sports and soft-tissue related pathologies of the shoulder
- Describe key steps in selected techniques (superior capsule reconstruction (SCR), lower trapezius transfer, etc)
- Identify strategies to enhance the patient outcome and prevent complications

Faculty

Ferry, Amon - Chairperson

MD

Arizona Sports Medicine Center
Scottsdale, Arizona

Fellowship: Harvard Sports Medicine Service, Massachusetts General Hospital, Boston, MA Residency: Orthopedic Surgery, Rush University Medical Center, Chicago, IL Medical School: Rush University, Chicago, IL Dr. Amon T. Ferry is a fellowship-trained orthopedic surgeon with extensive training in surgery of the knee and shoulder and specializes in complex shoulder problems. He completed fellowship training in sports medicine and shoulder surgery at Harvard Sports Medicine Service in Boston where he also worked with the New England Patriots, Boston Red Sox, and Boston Bruins. Dr. Ferry currently serves as a Team Physician for the Arizona Diamondbacks, Arizona Cardinals and Seattle Mariners.

Johnston, Spencer - Education Advisor

VMD, DACVS

James and Marjorie Waggoner Professor
Department Head, Small Animal Medicine and Surgery
College of Veterinary Medicine
University of Georgia
Athens, Georgia

Dr. Spencer Johnston is currently the James and Marjorie Waggoner Professor and head of the Department of Small Animal Medicine and Surgery at the University of Georgia. He is a diplomate of the American College of Veterinary Surgeons, and is co-editor the surgery textbook Veterinary Surgery: Small Animal, and co-author of the fifth edition of Brinker, Piermattei, and Flo's Handbook of Small Animal Orthopedics and Fracture Repair. His research background and interests include the treatment of osteoarthritis, particularly with nonsteroidal antiinflammatory drugs. Dr. Johnston graduated from the School of Veterinary Medicine at the University of Pennsylvania in 1986, and was a faculty member at the Virginia-Maryland Regional College of Veterinary Medicine at Virginia Tech from 1990-2003. He entered private surgical practice in 2003, and returned to academic veterinary medicine by joining the faculty of the University of Georgia in 2007. Dr. Johnston is a past member of the Board of Regents for the American College of Veterinary Surgeons, and currently serves the profession as a member of the American Veterinary Medical Association's Council on Education.

Bishai, Shariff K. - Lecturer

DO, Doctor of Medicine, MASc

Associated Orthopedists of Detroit
St. Clair Shores, Michigan

Dr. Bishai completed his orthopedic surgery residency at Henry Ford Macomb Hospital and participated in an orthopedic sports medicine fellowship at Plancher Orthopaedics and Sports Medicine in New York City. During his fellowship he also spent time at Steadman-Phillipon Clinic in Vail, Colorado. He is board certified by the American Osteopathic Board of Orthopedic Surgery and the American Osteopathic Association. He also has board certification in sports medicine. Dr. Bishai is a fellow of the American Osteopathic Academy of Orthopedics (FAOAO) and a fellow of the American Academy of Orthopaedic Surgeons (FAAOS). Recently he has awarded the distinction of fellow of the Arthroscopy Associating of North America (FAANA) formally known as the Distinguished Arthroscopy Leader (DAL). He is as an assistant professor for the Michigan State University College of Osteopathic Medicine in East Lansing assistant professor for Oakland University William Beaumont Hospital School of Medicine in Rochester, Michigan, and is a professor at the Detroit Medical Center for the Sports Medicine Fellowship. He is also Adjunct Clinical Faculty for the University of Dayton Physician Assistant Program. Also, Dr. Bishai previously served as the medical director of the McLaren Macomb Athletic Medicine Institute. Dr. Bishai is also an independent provider for the National Football League (NFL).

Favorito, Paul - Lecturer

MD

Division Chief
Shoulder and Upper Extremity Service
The Christ Hospital
Cincinnati, Ohio

Dr. Favorito is the Division Chief of the Shoulder and Upper Extremity Service at The Christ Hospital in Cincinnati, Ohio USA. He also serves as a co-director at the ASES accredited Cincinnati Shoulder and Elbow fellowship. A native of Buffalo, NY, he completed an orthopedic surgery residency at the State University of New York at Buffalo. In 1999, he moved to Cincinnati, Ohio where he completed a sports medicine fellowship at Wellington Orthopaedic and Sports Medicine and the University of Cincinnati. Dr. Favorito's practice is limited to the treatment of all shoulder disorders. He has a special interest in the diagnosis and treatment of rotator cuff disorders, proximal humerus fractures, shoulder replacements and bone loss associated with glenohumeral instability and arthritis.

**Ponce, Brent - Lecturer**

MD

Chair AO Sports

Chair of Research Hughston Foundation

COERG Founder

Hughston Clinic

Columbus, Georgia

Dr. Brent Ponce received his medical degree from Vanderbilt University and completed his orthopaedic residency at the Combined Harvard Orthopaedic Residency Program. He then received fellowship training from Drs. JP Warner and Peter Millett with the Harvard Shoulder Service. After serving in the United States Air Force at the Air Force Academy with a tour in Iraq, he joined the University of Alabama at Birmingham faculty in 2006 where and became professor and vice chair of the department. He has published over 175 papers and has served on several orthopaedic leadership committees in the AAOS, ASES and AOA. In early 2021 he joined the Hughston Clinic as the Chair of Research of the Hughston Foundation in Columbus Georgia.

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
