

AO CMF NA Journal Club—Orbital Fractures

August 4, 2022 - August 4, 2022

N/A, N/A, USA

Target Audience:

Plastic, Oto, and Maxillofacial Surgeons

Overview:

During this quarterly series, interviews with authors of landmark craniomaxillofacial articles will be featured and discussed. The series will provide an opportunity to understand what prompted the study, how practice has changed, limitations, and key take-away points.

Event Summary

Tuition:

Level Name: Participant - Craniomaxillofacial

Pricing Tier: Attending

Tuition: \$0.00

Level Name: Participant - Craniomaxillofacial

Pricing Tier: Resident

Tuition: \$0.00

Course Prerequisite(s):

No Prerequisites

Venue:

No Venue

Language(s):

English

CME

Continuing Education Credit: 1.00

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement - AO North America designates this live educational activity for a maximum of 1.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Evaluate the association between ocular injuries and orbit fractures through discussion with expert authors and review of the literature
- Consider when it is important and/or necessary to obtain an urgent ophthalmology consult
- Improve patient care and healthcare efficiency by incorporating evidence into practice

Faculty

Hoffman, William - Chairperson

MD, FACS, FAAP
Professor and Chief
Plastic and Reconstructive Surgery
University of California San Francisco
Stephen J. Mathes Endowed Chair
San Francisco, California

Mount, Delora - Co-Chairperson

MD, FACS, FAAP
Professor of Plastic Surgery
Craniofacial Surgery & Peds Plastics
North Carolina Children's Hospital
University of North Carolina - Chapel Hill
Emeritus Professor of Plastic Surgery
University of Wisconsin-Madison

Chapel Hill, North Carolina

Dr. Delora Mount is dual board certified by the American Board of Plastic Surgery and the American Board of Surgery. Dr. Mount specializes in craniofacial surgery, orthognathic (jaw) surgery, maxillofacial trauma and benign maxillofacial tumor surgical treatments. Her clinical subspecialties include treatment of infants and children, particularly those with major facial birth defects which include, cleft lip/palate repair, correction of skull shape abnormalities, and speech disorders (hypernasal speech). She now serves as Chief of Pediatric Plastic Surgery at the Children's Hospital of New Orleans/LSU. She lists her favorite things as watching her son play football (he's really good) and hanging with her golden retrievers. She also loves teaching and mentoring the next generation of plastic surgeons, as well as collaborating with colleagues within the field by teaching courses with the AO and serving on the AO North America CMF Board.

Latham, Kerry - Evaluator

MD, FACS
Plastic Surgeons of Alaska
Associate Professor of Surgery and Pediatrics - USUHS
Anchorage, Alaska

Dr. Kerry Latham is a Craniofacial Plastic surgeon in Anchorage Alaska

Moe, Kris - Lecturer

MD, FACS
Professor and Chief, Division of Facial Plastic Surgery
Dept. of Otolaryngology-Head & Neck
University of Washington
Seattle, Washington

Salman, Salam - Lecturer

DDS, MD, FACS
Oral & Maxillofacial Surgeon
Atlanta Oral & Facial Surgery
Emory University School of Medicine
Atlanta, Georgia

Dr. Salman completed his dental education at the University of Michigan. Dr. Salman pursued medical school and residency training in Oral and Maxillofacial Surgery at the University of Kentucky in Lexington, KY. Following the successful completion of his residency, he transitioned to a full-time faculty position at UF-Jacksonville Department of Oral and Maxillofacial Surgery before joining Atlanta Oral and Facial Surgery. Dr. Salman's focus encompasses a range of specialized services, including the management of facial trauma, orthognathic surgery, surgical treatment of obstructive sleep apnea, dentoalveolar surgery and dental implant reconstruction. Dr. Salman has taken on the role of the sole editor of a recent textbook on the management of obstructive sleep apnea and co-editor of an Atlas on zygomatic implants. He has been an invited speaker nationally and internationally in the field of orthognathic surgery. His extensive publication record includes over 20 peer-reviewed manuscripts and 15 book chapters, reflecting his dedication to advancing the field. Dr. Salman also serves as a board examiner for the American Board of Oral and Maxillofacial Surgery.

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.
