

AO Trauma NA Online Series—Journal Club ABOS WLA

 March 22, 2022 - March 22, 2022
Online, N/A, USA

Target Audience: Orthopaedics Surgeons, Residents, and Fellows

Webinar Overview:

During this monthly series, interviews with authors of landmark orthopedic trauma articles will be featured and discussed. The series will be based on anatomic location/injuries and will provide an opportunity to understand what prompted the study, how practice has changed, limitations and key take away points.

Upcoming Dates:

April 19- Infections

May 17- Scapula

June 21- Pediatrics

Event Summary

Tuition:

Level Name: Participant - Orthopaedic
Pricing Tier: Attending
Tuition: \$0.00

CME

- AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

- **Designation Statement** - AO North America designates this live educational activity for a maximum of [Hours Pending] **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Continuing Medical Education (CME) mission of AO North America (AONA®) is to provide comprehensive multidisciplinary needs based education to surgeons, fellows, and residents in the specialties of orthopedic, hand, craniomaxillofacial, spine, neurosurgery, and veterinary surgery in the areas of trauma (i.e., operative reduction and fixation), degenerative disorders, deformities, tumors, and reconstruction.

Expected results of AONA's CME activities for surgeons, fellows, and residents are to:

- Increase their knowledge base and surgical skill level
- Improve competence by applying advances of knowledge in patient care in the areas of trauma, degenerative disorders, deformities, tumors, and reconstructive surgical techniques
- Address practice performance gaps by improving management of aspects of traumatic injuries and musculoskeletal disorders (i.e., pre-operative planning to post-operative care)

Learning Objectives

Upon completion, participants should be able to:

- Review classic and current journal articles to understand why a particular study was conducted
- Explain how the literature advances or historically changes orthopedic practice
- Identify best practices based on scientific evidence

Faculty

Cannada, Lisa - Lecturer

MD
Associate Professor
Department of Orthopaedic Surgery
Saint Louis University
St. Louis, Missouri

Galos, David - Lecturer

MD
Assistant Professor, Orthopaedic Surgery and Sports Medicine
Lewis Katz School of Medicine
Temple University
Philadelphia, Pennsylvania

Marchand, Lucas - Lecturer

MD, BS
Assistant Professor
Orthopaedic Trauma
Department of Orthopaedics
University of Utah
Salt Lake City, Utah

Lucas S. Marchand, MD – completed his bachelor's degree in Zoology from Idaho State University. He received his Medical Doctorate degree from the University of Washington and completed his residency training at the University of Utah Department of Orthopaedic Surgery. Following residency he then completed additional fellowship training in orthopaedic traumatology at R Adams Cowley Shock Trauma Center/University of Maryland Baltimore.

Morellato, John - Lecturer

MBBS(Hons) , FRCSC, FAAOS
Associate Professor
Department of Orthopaedic Surgery
University of Mississippi Medical Center
Jackson, Mississippi

John Morellato is from the West Coast of Canada and completed a degree in Pharmacy at the University of British Columbia followed by medical school at the University of Sydney in Australia. He then completed Orthopaedic residency training at the University of Ottawa in Ontario, Canada. During residency, he completed an AO Trauma NA Resident Fellowship at the University of Mississippi Medical Center. At the completion of residency, he undertook an Orthopaedic Trauma fellowship at R Adams Cowley Shock Trauma Center in Baltimore, MD. During his fellowship he was able to participate in the AOTrauma North America Travelling Fellows Initiative travelling to Davos, Switzerland. At the completion of fellowship, he then joined the University of Mississippi Medical Center.

Nguyen, Mai - Lecturer

MD
Associate Professor
Department of Orthopaedic Surgery
Regions Hospital - University of Minnesota
St Paul, Minnesota

Dr Nguyen is a board certified, trauma fellowship trained orthopedic surgeon, and an associate professor at the University of Minnesota

Schweser, Kyle - Lecturer

MD
Associate Professor
Department of Orthopaedics, Trauma/Foot and Ankle
Division Director Foot and Ankle
University of Missouri
Columbia, Missouri

**Slobogean, Gerard - Lecturer**

MD, MPH, FRCSC
Associate Professor
Department of Orthopaedics
University of Maryland School of Medicine
R Adams Cowley Shock Trauma Center
Baltimore, Maryland

Dr. Slobogean is an Associate Professor in the Department of Orthopaedics, University of Maryland School of Medicine. He completed an orthopaedic residency at the University of British Columbia, an orthopaedic trauma fellowship at the R Adams Cowley Shock Trauma Center, and a shoulder and elbow reconstruction fellowship at the University of Toronto. His clinical practice includes complex upper extremity injuries, pelvis and acetabular fractures, and traumatic lower limb injuries. Dr. Slobogean has also earned a Master of Public Health degree and he is a leader in clinical research. He currently serves on several international clinical trial committees and frequently lectures on research methods, clinical trial design, and the practice of Evidence-Based Orthopaedics.

**Strelzow, Jason - Lecturer**

MD, FRCSC
Associate Professor
Director of Trauma Program
Residency Program Director
Department of Orthopaedic Surgery and Rehabilitation
University of Chicago Medicine
Chicago, Illinois

Jason Strelzow is an orthopaedic trauma and upper extremity surgeon at the University of Chicago. He completed his MD, and Residency at the University of British Columbia (Vancouver, Canada) followed by dual fellowship training in Hand and Upper Extremity in London Ontario, Canada and Trauma in Edinburgh, Scotland. Dr. Strelzow is the Associate Residency Director and is a leader in clinical research. Current research is focused on patient-reported outcomes related to elbow and shoulder trauma, total elbow replacements, urban trauma and PTSD. He has numerous published works and is an associate editor for the Journal of Hand Surgery.

Agenda

Day 1

Tuesday, March 22, 2022 - 20:00 - 21:15

| Schedule | Title | Moderator | Faculty | Room |
|---------------|----------------------|-----------|--|------|
| 20:00 - 20:05 | Welcome | | Strelzow, J | |
| 20:05 - 20:15 | Article 1 | | Galos, D | |
| 20:15 - 20:25 | Article 2 | | Nguyen, M | |
| 20:25 - 20:35 | Article 3 | | Slobogean, G | |
| 20:35 - 20:45 | Article 4 | | Cannada, L | |
| 20:45 - 21:10 | Questions/Discussion | | Cannada, L Galos, D Hubbard, D Marchand, L Morellato, J Nguyen, M Schweser, K Slobogean, G Strelzow, J | |
| 21:10 - 21:15 | Wrap Up/Adjournment | | Strelzow, J | |

AO NA Disclaimer Information

Faculty Disclosure:

It is the policy of AO North America to abide by the Accreditation Council for Continuing Medical Education Standards for Commercial Support. Standard 2: "Disclosures Relevant to Potential Commercial Bias and Relevant Financial Relationships of Those with Control over CME Content," requires all planners, including course directors, chairs, and faculty, involved in the development of CME content to disclose their relevant financial relationships prior to participating in the activity. Relevant financial relationships will be disclosed to the activity audience. The intent of the disclosure is not to prevent a faculty with a relevant financial or other relationship from teaching, but to provide participants with information that might be of importance to their evaluation of content. All potential conflicts of interest have been resolved prior to the commencement of this activity.

Off-Label / Experimental Discussions:

Some medical devices used for teaching purposes and/or discussed in AO North America's educational activities may have been cleared by the FDA for specific uses only or may not yet be approved for any purpose. Faculty may discuss off-label, investigational, or experimental uses of products/devices in CME certified educational activities. Faculty have been advised that all recommendations involving clinical medicine in this CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.

All scientific research referred to, reported or used in this CME activity in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

Disclaimer:

AONA does not endorse nor promote the use of any product/device of commercial entities. Equipment used or discussed in this educational activity is for teaching purposes only with the intent to enhance the learning experience.

The opinions or views expressed in this live continuing medical education activity are those of the faculty and do not necessarily reflect the opinions or recommendations of AO North America or any commercial supporter. The certificate provided pertains only to the participants' completion of the educational activity.

Conflict of Interest Resolution Statement:

When individuals in a position to control or influence the development of the content have reported financial relationships with one or more commercial interests, AO North America utilizes a process to identify and resolve potential conflicts to ensure that the content presented is free of commercial bias.

Liability Statement:

AO North America faculty and staff assume no personal liability for the techniques/ approaches discussed or demonstrated which are for teaching and educational purposes only. The certificate provided pertains only to the participants' completion of the course and does not, in any way, attest to the proficiency of the participants' clinical experience.

Acknowledgment

Educational Grant

AO North America gratefully acknowledges funding for its education activities from the AO Foundation. The AO Foundation receives funding for education from Synthes GmbH.
